**ATTESTATION OF COLLABORATION**

This letter is issued upon request to confirm that the Ijesaland Geriatric Centre, Ilesa, one of the five Hospital Units that constitute the Obafemi Awolowo University Teaching Hospitals Complex (OAUTHC), Ile-Ife, and the entire OAUTHC maintains an active collaborative relationship with The H.E.L.P Team (Healing Every Living Person), United Kingdom.

The partnership focuses on advancing community wellbeing initiatives, fostering innovation in geriatric care, enhancing training programmes, and supporting coordinated service delivery. It also involves pilot activities aligned with the Integrated Community Wellbeing Framework (ICWF).

Both organisations are collaborating on areas such as service integration, community outreach, knowledge exchange, and other mutually agreed initiatives to improve the health and wellbeing of ageing populations and the broader community.

This attestation signifies institutional cooperation and a shared intention to collaborate. It does not constitute a legally binding agreement.

Yours sincerely,

**Professor John A.O. Okeniyi**
